I must respectfully disagree with the notion that tourism solely brings positive impacts. While it is true that tourism can contribute to economic growth and cultural exchange, we must also consider its negative consequences. One of the major concerns is the detrimental impact on the environment. Mass tourism often leads to overdevelopment, excessive resource consumption, and pollution. Additionally, local communities can face challenges such as overcrowding, cultural commodification, and loss of authenticity. It is crucial to strike a balance between the benefits of tourism and its potential disadvantages to ensure sustainable and responsible practices.
